INFORM Displays® from DLT Media

- a unique solution to transform your reception

Clients and visitors waiting in your reception area are literally a captive audience. An audience that could be interested in more of your products and services; they may want to know about your company or be informed about key information. Some may simply want to be entertained and enhance their customer experience with you.

With an INFORM Display it is easy to present bespoke content to clients that can feature animated videos and editable text to promote your products and services. It also includes an integrated solution to hold magazines and newspapers or company and product literature for your clients to enjoy.
